To Whom It May Concern:

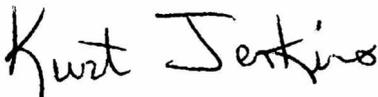

I am writing this letter to recommend Evangelist Michael Cogley to minister at your church in any capacity. I consider Michael a partner in gospel ministry and can personally attest to his spiritual maturity, supernatural lifestyle and passion for seeing the lost saved. What you get is what you see with Michael. He is the same person in all circumstances and situations. He is unwavering in his faith and desires God to move in power. He is bold yet relational, straight forward yet gracious.

He and his wife, Mary, have humbly put themselves under the covering of Central Assembly of God, Houston, PA. During this season, Michael has taught several classes both in-person and online. He has preached to our Fuel group that is comprised of those called to vocational ministry. He continues to offer himself in whatever capacity needed. One aspect I love about Michael is that he is kingdom minded. He often goes from our worship service directly to another church to minister there! We fully support Michael and Mary serving wherever the Lord sends them, but are very blessed to have them as part of Central for this season!

As an evangelist, Michael carries a strong calling in various areas. He is obviously anointed to preach the Word. He also has a strong teaching gift that brings clarity to God's Word, while stirring you to action. Whether you are in a casual conversation, or receiving formal ministry from him, you will be filled with God's word when you are finished!

I wholeheartedly recommend Michael Cogley to minister in your church or at your organization. Please contact me at kjenkins@centralconnect.org or 724-825-6819 with any questions.

In Christ,
